The "Little Library"

The Thomaston Housing Authority Youth Advisory Council installed its first of three Community Little Libraries in the Triune Village community. The purpose of the project is to encourage reading in the THA communities. The little Library is located in front of the main office on Triune Avenue. It contains books that were donated; as well as positive, handwritten messages from the YAC members on the exterior of the library to encourage reading. For example "Let Reading take you on an imaginary journey" was written by one of the members.

Thank you to our partner, AmeriGroup for the donation of the "Little Library" to Thomaston Housing Authority. With the help of our maintenance team, our Youth Advisory Council has successfully assembled and installed the library. Since our ribbon cutting in December, the library has already received visits and is sure to be a sensation with our residents.

It is one of the goals of the YAC to have a Little Library in each community.
